3 April 1963

MEMORANDUM FOR THE RECORD

General Schulze, who retired on 1 January as General Eisenhower's aide, called me on 3 April in connection with his new duties as Assistant to the Chairman (General Eisenhower), Freedoms Foundation, Valley Forge, Pennsylvania.

Schulze is assembling a research library on Communism to be known as the J. Edgar Hoover Library. Schulze wants two copies of our Daily FBIS Summary to be delivered to: Mr. Charles Rotchford, Building Manager, Veterans Administration Building, Vermont and H Streets, Washington. I told him I could see no problem on this.

He also requested general advice, if we had any, on the availability of literature on Communism. It occurs to me that Walter Pforzheimer might talk to Schultz. There may be other ways we could help without getting into any classified areas at all.

Walter Elder
